Program Overview and FAQs

What is the UCLA Senior Scholars Program?

UCLA Senior Scholars is a campus-wide program that invites older adults (50+) to audit regular courses at UCLA. Senior Scholars audit lectures and follow along with class readings. Scholars do not take exams, write papers, turn in homework assignments or attend discussion sections/labs. Scholars do not receive a grade or academic credit.

How much does it cost?

Quarterly fees are \$175 for the first class and \$150 for each additional class. This includes a \$25 non-refundable administrative fee per course.

How do I know which classes are offered?

This catalog contains a list of the in-person and online undergraduate courses being offered this quarter.

Approval to attend any course is subject to instructor consent and classroom space limitations.

*Restrictions: Lab, language, seminar, studio art, performing art and other courses that require daily professor-student interaction cannot be audited.

How do I audit in person and online instruction?

Winter Quarter 2023 will offer both in-person and online instruction.

Senior Scholars attending courses on campus will need to provide proof of vaccination and adhere to COVID-19 safety protocols. To learn more about COVID-19 protocol while attending in-person instruction, check the “Returning to Campus Guidelines” section of the catalog.

To audit online instruction, check the “Online Transition Q&A” section of the catalog to learn more about what you will need to attend lecture online.

Application Process

Step 1- Create a UCLA Logon ID

If you are a returning Senior Scholar, you already have a UCLA logon ID and do not need to complete this step. Please remember your UCLA logon ID username, as you will be required to submit it for your application. If you need assistance resetting your UCLA logon information, please visit <https://www.semel.ucla.edu/longevity/class-website-help>

1. Go to <https://accounts.iam.ucla.edu> and select "Create a UCLA Logon"
2. Read and agree to the Acceptable Use Policy; then click the Next button.
3. Select “I do not have a UCLA Identification Number.”
4. Input your name, date of birth and email address.
5. Create a username (Logon ID), password, and security question following the onscreen instructions.
6. You have the option to add multi-factor authentication to your account – we do not recommend adding MFA for Senior Scholars. You can skip this step.
7. Safely store your Logon ID, password and security question answers; your Logon ID will remain the same throughout your time as a Scholar.

If you would like a visual guide with pictures to creating a UCLA logon ID, please visit <https://www.semel.ucla.edu/longevity/class-website-help>

Step 2- Find a class.

A limited number of online classes are listed in the catalog. To find the full list of available in person courses, view the Schedule of Classes.

To view the entire Winter Schedule of Classes:

Visit the UCLA Registrar's website- <https://sa.ucla.edu/ro/Public/SOC/>

1. DO NOT click on the Find a Class and Enroll or Class Planner features. **Scroll below to “Term.”**
2. Select **Winter 2023** and click on the box next to *subject area* for a dropdown menu of subjects.
3. Click on your desired subject, and click “Go” to pull up a list of classes in that subject area.
4. Look for classes numbered below 200.
5. Click on a class title, and the lecture information (Days, Time, Location, etc.) will drop down.
6. Look only at lecture information (labeled **Lec**). Discussion sessions (labeled **Dis**) are not available to auditors.
7. If you click on the “**Lec 1**” link, that will pull up another page with the course description.

Schedule of Classes Website Example

The screenshot shows the UCLA Schedule of Classes website. Annotations are as follows:

- 1. A black line is drawn across the top navigation bar and the "Student Reminder" section.
- 2. A circle highlights the "Term: Spring 2017" dropdown menu, which is set to "Spring".
- 3. A circle highlights the "Go" button next to the subject area dropdown menu.
- 4. The subject area dropdown menu is open, showing a list of subjects including "Art History (ART HIS)".
- 5. A circle highlights the class title "127B - European Art of 19th Century".
- 6. & 7. A circle highlights the "Lec 1" link in the "Section" column of the class list.

Below the class list, the following course descriptions are visible:

- CM135B - African American Art, 1900 to 1963
- C139B - Aztec Art and Architecture

Step 3 - Submit an application to the Senior Scholars Program.

There are several ways to submit an application.

- **Apply online** using the Apply Now button at: <https://www.semel.ucla.edu/longevity/how-find-class-apply>
- You may also call 310-794-0679 if you would like to apply over the phone.
- We suggest listing an alternate course in case your first-choice course is unavailable.

Step 4- The Senior Scholars office requests approval from your prospective professor.

- Attendance in any course must be approved by the professor through the Longevity Center.
- Instructor approvals begin at the end of the application deadline. It can take several weeks before we hear back, and space is often limited, so please apply at your earliest convenience.

Step 5 - The Senior Scholars office will email you your course status.

- Course confirmations for Winter Quarter will begin on December 5th and continue through January 3rd via email.
- If we are unable to confirm your status, we encourage you to select an alternate course.

Step 6 - Class lists become official after the first two weeks of class.

- If you wish to drop a course, contact our office by **Friday, January 13th** or course fees (minus the \$25 administrative fee) cannot be refunded.

Program Agreement

Everyone involved in the Senior Scholars Program knows what a tremendous opportunity it is to learn from some of the top professors in the country on many fascinating topics. To optimize your experience of the program, as well as that of the professors and UCLA students involved, please keep in mind the following guidelines:

1. Please keep personal opinions and beliefs out of the classroom.
2. Enrolled undergraduate students have priority seating.
3. The instructor will determine the acceptable level of participation from auditors. Please allow the enrolled undergraduate students the opportunity to participate first. If you are participating in an online course, please keep your microphone muted.
4. Discussion sessions/labs and professors' office hours are intended for enrolled students, not Senior Scholars.
5. The Scholars program is not responsible for any additional fees incurred, including but not limited to: book, material and parking fees.
6. Please refrain from emailing the professor directly, unless the professor initiates the communication.
7. Scholars auditing in person courses must adhere to UCLA COVID-19 protocols.
8. Please contact the Longevity Center with any enrollment or technical problems. Please do not email other campus departments.

*Participation in the Senior Scholars Program is a privilege. The Program expects that its Scholars will comply with Program guidelines at all times. The failure to comply with any guideline(s) may prevent a Scholar from further participation in the Program. Scholars are expected to respect other Scholars, members of the UCLA workforce, students and faculty. Threats, violence, disrespectful communication or harassment of other Scholars, members of the UCLA workforce, students or faculty, for any reason, including but not limited to an individual's age, ancestry, color, culture, disability (physical or intellectual), ethnicity, gender, gender identity or expression, genetic information, language, military/veteran status, national origin, race, religion, sexual orientation, or other aspect of difference, will not be tolerated.

Other Guidelines

- Introduce yourself to the professor during the first week or two of class.
 - Instructors might be busy the first class or two with undergraduates waiting to speak to them. If they look busy, wait until the next class.
 - Check in with them on their expectations for auditors in their classroom, including whether they are open to an occasional question from Scholars once students have had a chance to reply and comment.
- Introduce yourself to students around you and other Scholars you see in your class. Should you show up late to class or miss class, please communicate with other students/Scholars about what you missed. Please refrain from asking the professor about what was missed.
- If the class is not what you expected and you need to drop a class, please contact the Longevity Center Senior Scholars Program Coordinator. We will notify the instructor that you are dropping and address any concerns you may have.

- Please be mindful that in smaller classes, irregular attendance can be disruptive to the instructor and other students. If you know you have to miss several classes, please consider taking the class during a future quarter.
- The Senior Scholars office sends out a class feedback form at the end of each quarter. If you have feedback on your class, this is a great place to provide that information. We ask that all feedback comes to the Longevity Center Senior Scholars Program Coordinator.
- Please silence all electronic devices in class.
- Please arrive on-time for class. Restrict entering and exiting the classroom to emergencies only.
- Please thank your professor in person at the end of the term.

Campus Information

Can I get a library card?

As a Senior Scholar at UCLA, you are eligible for an external user library card.

- Take the one-page course confirmation sheet you receive from the Senior Scholars office after being approved for a class and a valid ID to the circulation desk at Young Research Library (YRL) or Powell Library.
- They will issue you an External User card that can be used at all campus libraries except the School of Law.

View a map of UCLA libraries: http://www.library.ucla.edu/sites/default/files/libmap_091710.pdf

Where can I view movies for class?

Some classes have movies assigned. Licensed videos are only available for streaming at home (Video Furnace) to fully enrolled UCLA students. However, class movies can be viewed on campus at the **Powell Library Instructional Media Lab, Room 270** <http://www.oid.ucla.edu/edtech/medialab>.

- You just need to bring a photo ID and let them know the class you want to view videos for.
- Please check the Powell Library for hours, as they fluctuate.
- Headphones are provided, but you may bring your own.
- Access the Media Lab through the main entrance to Powell Library. Take the lift to the first floor, then proceed to the south side of the building. Take the elevator on your left to the second floor and go on to room 270.

What if my class has Bruincasts?

Some classes have podcasts of lectures called Bruincasts. If you would like access to these Bruincasts, please notify the Longevity Center Senior Scholars Program Coordinator and we will coordinate with the Bruincast Office.

Is there Wi-Fi on campus?

- Wireless access is available to anyone with a wireless enabled device at Ackerman Union, Northern Lights Cafe, Kerckhoff Hall, Powell Library and Charles E. Young Library using UCLA_WEB.
- If you need Wi-Fi access in your classroom, contact the Senior Scholars office and we can provide a guest wireless account for you for the quarter.

Do I have access to online subscription resources (e.g. JSTOR, etc.)?

- Off-campus access to online subscription sources are only available to current UCLA students, faculty and staff.
- However, the public can view online subscription resources while physically in a campus library (using either the public desktop computers or Wi-Fi).

Can I print on campus?

Self-service copiers, printers and scanners are available in campus libraries. To use these devices, you must purchase a reusable visitor BruinCard from a BruinCard vending machine in the library. The cost of the card is 58 cents and the machines accept cash only. The cards are reusable and value can be added to them. However, refunds cannot be issued for any money left on a visitor BruinCard.

Can I receive Campus Alerts?

- You can check for BruinAlerts by viewing the UCLABruinAlert Twitter website:
<https://twitter.com/UCLABruinAlert>
- To receive text message alerts: text “follow @UCLABruinAlert” to 40404 and you will receive a text message whenever a BruinAlert is sent.

Am I eligible for a UCLA Student ID (Bruincard)?

- No. Only faculty, staff and fully enrolled students can have a Bruincard and university ID number.

Where can I find out about special lectures or events on campus?

<http://happenings.ucla.edu/>

Getting to Campus/Parking

Public Transportation

Public transportation can be an affordable alternative to parking on campus. Several buses stop at UCLA:

Culver City 6	35 cents per ride for age 62+
Big Blue Bus 1, 2, 3, 8 and Rapid 12	50 cents per ride for age 62+
METRO 2 and 302	75 cents per ride for age 62+; 35 cents at off-peak hrs.

View where different buses stop at UCLA:

<http://www.transportation.ucla.edu/portal/pdf/maps/UCLAPublicTransitBusStops.pdf>

Plan your public transit route here: <http://www.google.com/intl/en/landing/transit/#mdy>

Accessible Parking

Individuals with disabilities may purchase an accessible permit for \$9 a day from Parking & Info Kiosks on campus. There is a kiosk at the Westholme/Hilgard campus entrance. Kiosks accept cash only.

Short-Term Campus Parking

Self-service parking pay stations in lots throughout campus are perfect for those on campus for only a class or two at a time. In most parking lots, rates range from \$3.00 an hour to \$13 a day.

Rates by Parking Structure:

<https://main.transportation.ucla.edu/campus-parking/visitors/pay-station-rates-and-locations>

1. Park in a Parking Pay Station space and take note of your stall number (Please note that Pay Stations in Structure 3 South, Lot 11 and Lot 36 do not require you to specify a stall number.).
2. Go to the nearest Parking Pay Station. If prompted, enter your stall number into the Parking Pay Station by using the number pad.
3. Choose the amount of time that you would like to spend on campus (all-day passes can also be purchased at Parking Pay Stations). Enter your payment using cash or credit card. Pay stations accept \$1, \$5, & \$10 bills and don't give change. Return to your vehicle and display the ticket face up on the driver's side of your dashboard.

Course Descriptions

African American Studies

AF AM 2A Survey of U.S. security policy toward Africa from Cold War to present. Emphasis on ways that notions of racial hierarchy have influenced U.S. strategic priorities, threat assessments, and military initiatives throughout Africa. Special attention to U.S. covert operations and security alliances in Africa. Examination of impact of U.S. security policies on peace, conflict, and governance in Africa. Focus on change and continuity in Black transnational responses to U.S. security initiatives in Africa, particularly during Cold War and War on Terror.

AF AM 112A Inspired by Jordan Peele's horror film *Get Out* (2017), use of horror films and fiction of artists like Peele, George A. Romero, Kasi Lemmons, Tananarive Due, and Toni Morrison--as well as short films by artists like activist Bree Newsome--to examine scope, role, and impact of Black horror, subset of horror genre that binds elements of history, sexuality, sociology, politics, African-based religions such as Vodun/Vodou, and morality tales to create mirror through which to view true-life struggles facing black population.

Ancient Near East

ANE 12W Survey of religious, political, and cultural history of Jerusalem over three millennia as symbolic focus of three faiths: Judaism, Christianity, and Islam. Transformation of sacred space as reflected by literary and archaeological evidence through examination of testimony of artifacts, architectural monuments, and iconography in relation to written sources. Study of creation of mythic Jerusalem through event and experience. Development of advanced writing skills and critical thinking.

ANE 15W Examination of how feminine power confronts masculine dominance within complex social systems in ancient world. To gain political power, some female rulers used their sexuality to gain access to important men. Other women gained their position as regents and helpers of masculine kings who were too young to rule. Others denied their femininity in dress and manner, effectively androgynizing themselves or pretending to be men so that their femininity would not be obstacle to

political rule. Many women only gained throne at end of dynasties after male line had run out entirely, or in midst of civil war when patrilineal successions were in disarray. No women were able to gain reigns of power through their bloodlines alone. Women's power was compromised from outset. Examination of root causes and results of this political inequality.

ANE M70 Consideration of place of demons and fear in several different societies and cultures in ancient world: Mesopotamia; ancient Egypt, Greece, and Rome; and Biblical and early Jewish contexts. Investigation into why demons and monsters existed in these cultures; how they were opposed or protected again; and what these different societies feared, and how that fear was represented. As demons and monsters are reflections of particular culturally specific fears and norms, studying them allows for examination of societies that constructed them. Examination of how fear of threats such as disease, illness, and death were constructed alongside fears of foreign and of women. Critical examination of wide range of primary source texts, addressing core question of how different societies construct unique fears--and how those fears shape those societies in turn.

Art History

ART HIS 23 History of modern art from 1860s to 1960s, from Manet and impressionists to pop art and minimalism. Study of origins and social functions, as well as aesthetic innovations and philosophical dilemmas of modernism.

ART HIS C116A Theory and development of Byzantine art from iconoclastic controversy to 1204.

ART HIS C136A Examination of intersection of Black women's art, Black feminist thought, and new Black studies scholarship on futurity and its many spurs. Through closely looking at multimedia artworks by and about Black women, students develop in-depth understanding of 20th and 21st-century social constructions of race, gender, and sexuality; Black aesthetic theory; significance of visual analysis and self-fashioning; and notions of community and belonging.

ART HIS C151 Study addresses arts of Japan from circa 1850 to present. Students learn how Japanese art serves as counter to Eurocentric narratives of modernity. Key themes include epistemic violence, race and intersectionality, natural disasters, ecological destruction, performance art, iconography of empire,

protest art, nuclear destruction, photography, censorship, and gender.

Astronomy

ASTRO 3 No special mathematical preparation required beyond that necessary for admission to UCLA in freshman standing. Course for general UCLA students, normally not intending to major in physical sciences. Introduction to vast range of cosmic phenomena including planets in our solar system and beyond, stars, supernova explosions, black holes, galaxies, and universe as whole.

ASTRO 6 Cosmology is study of large-scale properties of universe. Consideration of origin, fate, composition, and shape of universe, and origin and evolution of structure seen in universe today. Addresses these questions through study of Big Bang, dark matter, dark energy, expansion of universe, and other cosmic phenomena.

ASTRO 115 Lecture, three hours; discussion, one hour. Introduction of principles important for understanding components and evolution of Milky Way galaxy. Topics include interstellar medium, star and planet formation, and exoplanets. Examination of basic physical processes governing compact stellar remnants such as white dwarfs, neutron stars, and black holes. Overview of structure and properties of Milky Way galaxy.

Atmospheric and Oceanic Sciences

PHIL 31 Elements of symbolic logic, sentential and quantificational; forms of reasoning and structure of language.

PHIL C119 There are certain elements of Kant's account of will that have been notoriously difficult to interpret, much less to defend. What does it mean to will spontaneously or autonomously; are we really more free, rather than less free, when we act morally; if to be free is to be moral, and to be moral is to be rational, then does that mean there is no moral evil? What is really meant by happiness; can one aim to be both moral and happy, or must one choose morality to exclusion of all else? So far, answers have been less than satisfying. Study reconsiders Kant's moral psychology in light of original two-wills account found in work of

Anselm of Canterbury. In Anselm's development of this view is found such key Kantian concepts as moral self-determination/legislation, spontaneity of will, intellectual account of evil, and highest good. But more importantly, full complement of arguments in support of these concepts is also found, along with explanation for how they were intended to fit together.

Political Science

Everyone involved in the Senior Scholars Program knows what a tremendous opportunity it is to learn from some of the top professors in the country on many fascinating topics. To optimize your experience of the program, as well as that of the professors and UCLA students involved, please keep in mind the following guidelines:

1. Please keep personal opinions and beliefs out of the classroom.
2. Enrolled undergraduate students have priority seating.
3. The instructor will determine the acceptable level of participation from auditors. Please allow the enrolled undergraduate students the opportunity to participate first. If you are participating in an online course, please keep your microphone muted.
4. Discussion sessions/labs and professors' office hours are intended for enrolled students, not Senior Scholars.
5. The Scholars program is not responsible for any additional fees incurred, including but not limited to: book, material and parking fees.
6. Please refrain from emailing the professor directly, unless the professor initiates the communication.
7. Scholars auditing in person courses must adhere to UCLA COVID-19 protocols.
8. Please contact the Longevity Center with any enrollment or technical problems. Please do not email other campus departments.

***Participation in the Senior Scholars Program is a privilege. The Program expects that its Scholars will comply with Program guidelines at all times. The failure to comply with any guideline(s) may prevent a Scholar from further participation in the Program. Scholars are expected to respect other Scholars, members of the UCLA workforce, students and faculty. Threats, violence, disrespectful communication or harassment of other Scholars, members of the UCLA workforce, students or faculty, for any reason, including but not limited to an individual's age, ancestry, color, culture, disability (physical or intellectual), ethnicity, gender, gender identity or expression, genetic information, language, military/veteran status, national origin, race, religion, sexual orientation, or other aspect of difference, will not be tolerated.**

Online Instruction Q&A

How long is UCLA going to have online instruction?

UCLA has announced Winter Quarter will be a hybrid quarter of in person courses and online courses. This likely will continue for the foreseeable future.

What software is required for online instruction? How do I learn how to use it?

Each class approaches online instruction in a different way, but the majority depend on the use of Zoom, a free video conferencing platform, and the course websites, where readings, class materials and prerecorded lectures may be posted. Scholars will be trained on how to use Zoom and the course websites before the quarter starts and technological assistance will be provided throughout the quarter.

Is the Senior Scholars Program still holding events?

All social programming has been moved online and will be held using Zoom.

Can I mail or fax in an application?

We cannot accept applications via mail or fax. You are welcome to apply online or over the phone.

Return to Campus COVID-19 Guidelines

Senior Scholars returning to campus will be required to show proof of COVID-19 vaccination and booster. If you already provided your vaccination status in previous quarters, you do **not** need to submit proof again for Winter Quarter. Vaccinations must be verified by the Senior Scholars Program via Zoom. If you have not yet verified your vaccination with the program, please set up an appointment at srscholars@mednet.ucla.edu.

Masks for visitors: Visitors are strongly encouraged to wear upgraded masks when on campus or at other UCLA properties and [must follow masking protocols](#) outlined by the Los Angeles County Department of Public Health.

If you do not adhere to the requirements above, you will not be able to audit in person classes in Winter Quarter and are welcome to apply for online courses.

Other Longevity Center Programs

Due to COVID-19, these programs have been modified and are only offered virtually. To learn more about the modified programs please contact Andy Talajkowski at atalajkowski@mednet.ucla.edu.
