

Tarjan Center Lecture Series presents:

Genetically Informed Biomarkers of Autism Spectrum Disorder: Insights Gained from Dup15q Syndrome

Shafali Spurling Jeste, M.D.

Associate Professor in Psychiatry, Neurology, and Pediatrics
UCLA David Geffen School of Medicine

LEARNING OBJECTIVES:

1. Become familiar with the definition of a biomarker and the challenges around biomarker development in ASD.
2. Understand the clinical and electrophysiological phenotype of Dup15q syndrome, particularly as a model of a rare disease within the autism spectrum.
3. Appreciate the potential for brain based biomarkers to improve clinical trials in ASD.

WEDNESDAY

February 15, 2017

12:30 – 1:30 PM

Location: UCLA

300 Medical Plaza, Suite 3200

3rd Floor Marisa Leif Conference Room

Los Angeles, CA 90095

**Light snacks and beverages
will be served.**
